

# TierraCast Monstera Bracelet

*The Monstera plant is known for hardiness and resilience, and symbolizes respect and longevity. This knotted bracelet is a beautiful way to wear it!*

Design by: Tracy Proctor

skill set  
easy peasy

## Supplies

- 1 Monstera Button (94-6605-18)
- 12 Nugget 5mm Spacers (93-0435-18)
- 16 Size 8 Seed Beads
- 11 8mm Round Czech Glass or Gemstone Beads
- 40" .5mm (Tex 210) nylon cord (B-lon Med. Brown shown)

## Required Tools

Scissors, jewelers adhesive or Super New Glue, needle nose tweezers

## Finished Size

Approx. 7½ inches

## Instructions

**TIP:** Knotting: Begin overhand knot. Before tightening insert tips of tweezers through loop and grasp cords right next to bead (Fig 1). Begin to close knot, removing tweezers just before final tightening. Use sides of tweezers to push knot close to bead.\* Keep all beads and knots tight together.

1. Pre-stretch cord by pulling firmly from both ends a few times.
2. Fold cord in half and attach center to button shank with Larks Head Knot. (Thread both cord ends through shank, then thread ends back through folded cord and pull tight.)
3. Tie both cords in an overhand knot next to shank.
4. String one nugget bead onto both cords. Bring bead next to knot, then tie another knot close to bead\*. Tighten firmly.
5. String one 8mm bead onto one cord. Bring bead next to knot placed in Step 4 then bring both cords together on other side of bead and tie in overhand knot. Tighten firmly.
6. Repeat Steps 4-5 ten times, alternating cords when stringing 8mm beads.
7. Repeat Step 4.
8. String 16 seed beads onto both cords, then fold into loop and secure with an overhand knot on top of last knot placed. Tighten securely.
9. Add a drop of adhesive to final knot. Allow to dry and trim excess cord.
